INTERNSHIP

Ola Electric / Ola — Vehicle Engineering June – July 2026

Bengaluru, India

- Writing and optimizing SQL queries for data extraction, analysis, and reporting across vehicle engineering datasets.
- Working extensively with Microsoft Excel for data management, dashboards, and engineering analysis workflows.
- Gaining hands-on exposure to vehicle engineering processes in a fast-paced, technology-driven environment.

EDUCATION

Jain Deemed-to-be University, Bengaluru 2025 – 2029

B.Tech – Computer Science & Engineering (AI & ML)

- Semester 1 SGPA: 9.0 / 10.0
- Semester 2 SGPA: 9.435 / 10.0
- Relevant coursework: Programming in C, Python, Mathematics for Computing, Data Structures

Class XII – CBSE 2025

PCM with Physical Education

- Aggregate: 80%

Class X – CBSE 2023

- Aggregate: 87%

TECHNICAL SKILLS

Languages: Python, C, SQL
Libraries: NumPy, Pandas, Matplotlib (introductory)
Tools: Git, GitHub, VS Code, Microsoft Excel
Concepts: OOP, Data Structures, Algorithm Design
Prompt Engineering: Designing and refining prompts for LLMs (Claude, ChatGPT); context structuring and iterative improvement

PROJECTS

C Programming Lab Work Jain University · C

- Implemented programs covering arrays, pointers, structures, and file I/O as part of structured lab curriculum.

EXTRACURRICULAR ACTIVITIES

Drums – Trinity College London

Graded Percussion Examinations · Grade 5 Completed · Grade 6 In Progress

- Completed five graded examinations with Trinity College London over six years, demonstrating sustained commitment and structured discipline.
- Balancing rigorous academic workload with continued musical training — Grade 6 examination currently in preparation.
- Developed focus, precision, and perseverance; qualities directly applicable to engineering problem-solving.

CERTIFICATIONS & COURSES

Tata Cybersecurity Security Analyst Job Simulation June 2026

Forage · Tata Consultancy Services

- Completed a job simulation involving Identity and Access Management (IAM) for TCS, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing ability to communicate complex technical concepts effectively.
